

A little bit of recent history...

Since 2004 Lincoln Drill Hall's provided the people of Lincoln with a warm welcoming venue in which to be entertained and enjoy the arts. In 2010 after six years of direct management by the City of Lincoln Council ownership was transferred to Lincoln Arts Trust Limited, a new charitable Trust (1137366) and Company Limited by Guarantee (7227784).

In 2012 Lincoln Arts Trading Company (07939996) was formed, a fully owned subsidiary of the trust to manage the operations of the café bar. We present a year-round programme of quality arts and entertainment, alongside a participation programme of theatre, music and dance, meeting facilities and a great family friendly café.

We're lucky enough to receive core funding from the City of Lincoln Council and Arts Council England. Each year roughly 100,000 people come through our doors for a variety of shows, events, meetings and conferences.

The venue is a Grade II listed building originally built in 1890. We strive to carry on the building's legacy, to make a positive difference in the city - we're changing lives, changing people, changing perceptions.
